Note: The main modules are: **12** The other material is from the **Mini Bible College** and should be read beforehand by the learner. Each of the MBC modules is coupled with (a skill), one of them an **IT skill**. Apply for a:

- **Certificate in Discipleship** 80 credits

Should the student have sufficient IT experience **CMB** may be evaluated by **RPL**.

This is followed by a **Christian Life Certificate**

All lecture books are prepared by **Calvary Academics** and are provided by us as part of the tuition offered. This programme makes use of advanced e-learning technology of Calvary which we use to mentor students for higher education.

Church Life Chart

Indicating how the content of Phase one is to be managed by the Tuition Centre.

These are the possible 7 Orders:

Number of weeks are based on having three lectures per week.

CHB1 Christian Basics 1 (Old Book No's)

THE GODHEAD	01 ⁴
1 FOUNDATION DOCTRINES	02 ³ 03 ³

UST2 Use Spare Time Effectively

Marking for Practical:

MPX9 Ministry Praxis (Evaluation)

Order the **Text Book** (197 pages) and its **Workbook**. We also have a **Test Book** available for the whole year. Get one for each student and tear the tests from the back. It uses a different "tear-out" glue with no reinforcements.

There are 23 lectures and a test session which means you need **8 weeks** for this module. Make your own **lesson plan**. Give them **two Assignments** and a **Practical Task**.

Order the **Text Book** (86 pages) and the **IT Skills** book (29 pages). You already have a **Test Book**.

There are 7 lectures and a test session plus one IT summary session which means you need **3 weeks** for this module. Make your own lesson plan, starting lessons at point: 1(p1), 7(13), 11(25), 16(37), 20(51), 23(63), 26(75). Do 2 assignments. The **Computer Basics** skill is a **practical Task**.

Order the **Text Book** (130 pages) and the **Listen Skills** book (51 pages). There are 10 lectures and a test session plus two skills session which means you need **4 weeks** for this module. Make your own lesson plan, starting lessons at point: 1(p1), 1.4(13), 1.9(25), 14(40), 20(52), 25(64), 2(79), 2.3(91), 2.5(101), 2.6(114). Do 2 assignments. The **How to Listen** skill is a **practical Task**: give marks for the use of the cards.

Order the **Text Book** (197 pages) and its **Workbook**. You already have a **Test Book**. It uses a different "tear-out" glue with no reinforcements.

There are 21 lectures and a test session which means you need **8 weeks** for this module. Make your own **lesson plan**. Give them **two Assignments** and a **Practical Task**.

Order the **Text Book** (139 pages) and the **Learning Skills** book (43 pages). There are 10 lectures and a test session plus two skills session which means you need **4 weeks** for this module. Make your own lesson plan, starting lessons at point: 1(p1), 2.2(14), 2.6(27), 22.9(43), 3.2(55), 2P(69), 4(83), 4.3(100), 5.3(111), 5.6(127). Do 2 assignments. The **How to Learn** skill is a **practical Task**: give marks for the use of the cards.

Order the **Text Book** (197 pages) and its **Workbook**. You already have a **Test Book**. Tear the tests from the back. It uses a different "tear-out" glue with no reinforcements.

There are 23 lectures and a test session which means you need **8 weeks** for this module. Make your own **lesson plan**. Give them **two Assignments** and a **Practical Task**.

Order the **Text Book** (164 pages) and the **Learning Skills** book (43 pages). There are 12 lectures and a test session plus two skills session which means you need **6 weeks** for this module. Make your own lesson plan, starting lessons at point: 1(p1), 2(17), 2.5(29), 2.7(38), 2.10(54), 4(68), 5.3(81), 7.3(95), 12(109), 15(124), 16.2(136), 17.3(148). Do 2 assignments. The **How to Learn** skill is a **practical Task**: give marks for the use of the cards.

Practical Mark: It counts for nine credits. Nothing needs to be ordered for this. It costs the student nothing. Give a mark based on the practical requirements as per the last test sheet.
