Keeping up to date with CLT progress, changes, developments, expansions.

End-Month Letter

You will probably remember the monthly Month-end letter arriving in your e-mail on a fairly regular basis. Sometimes two pages wall-to-wall writing about what we here at **Christian Life Training** are doing to help you "Spreading the Gospel through Ministry Training". One even may forget what the exact slogan was. Our Website is cram-packed with the letters aimed at the deans of the Bible Schools. Of such letters this is the last one. It is the end of an era. The End-Month

New Era

A few years ago we calculated that about 37,000 Certificates and Diplomas were issued throughout the years by Christian Life Training. Just about every second Ministry qualified person has a qualification earned at a **CLT** Bible School. We have made very good progress in bringing Ministry training up to standard as a respectable qualification in the churches. Many barriers had to be broken down slowly as the concept of "Ministry" became just as acceptable as "Theology". Eventually we also made strong ties internationally with Calvary University. We started to brand our new material as Calvary Academics. You saw the gradual change appearing on the text books. This is the dawn of a new era.

The Month of June 2011

During this month, starting tomorrow (in two hour's time), a month of rapid planned change will start to unfold. The old CLT will re-emerge encapsulated in a new name, with new vigour and poised for greater vision, with an enlarged team. The old has not gone, but the new has come. A new Non-Profit Organisation has been created and will be in the process of registration this week. Then you will be informed of the new bank accounts for your Electronic Fund Transfers. The current accounts will stay open for those who do not read the notices or accidentally transfer to the old accounts. We are preparing a Monthly Newsletter.

Continuation

We have kept in mind the importance of continuing the past into the future. The sentiments with **CLT** are extremely strong. The www.clt.org.za is one of the oldest on The Internet. Our bond with **Calvary** will grow. Our aim is to disciple according to His great commission to go and be tutors, telling others of His Life. We are all **Life Tutors** for Him.

God bless your work,

The CLT Board
